16-Year-Old Treks to North Pole; Makes Sandwich for Trolls on Her Facebook Page

Jade Hameister has officially become the youngest person ever to complete the "Polar Hat Trick" — visiting the North and South Poles as well as crossing Greenland — while on skis. From Hameister's Facebook page:

"Tonight (it never gets dark this time of year) I skied back to the Pole again... to take this photo for all those men who commented 'Make me a sandwich' on my TEDX Talk. I made you a sandwich (ham & cheese), now ski 37 days and 600km to the South Pole and you can eat it." [Jade Hameister's Facebook Page](#).
